Dear Cr Piesse

I am writing regarding the McGowan Government's recent announcements regarding the WA Recovery Plan.

The WA Recovery Plan is one of the most significant investments in sport and community infrastructure in Western Australia's history, with a \$300 million package to be rolled out across the State. The historic plan will benefit the community through the delivery of a range of projects and will also create a pipeline of WA jobs, with local small businesses and contractors set to benefit.

I am very pleased to advise you that the Shire of Donnybrook Balingup will receive \$6 million for the Donnybrook and Districts Sporting and Recreation Precinct.

The Department of Local Government, Sport and Cultural Industries (the department) will contact you in the near future to discuss the funding opportunity in more detail. In the meantime, if you have any questions, please contact Rob Thomson, Director Infrastructure Planning and Investment, at the department on (08) 9492 9731.

I wish you every success in delivering this important community project.

Yours sincerely
